KAVINAYASRI J

Coimbatore, TN | +91 8608684448 | kavinayasri02@gmail.com | linkedin.com/in/kavinayasri02 | github.com/kavinayasri02

PROFESSIONAL SUMMARY

Aspiring Software Engineer with a good grasp of core programming concepts and hands-on experience in building AI-integrated projects. I actively use AI tools to optimize my code, test efficiently, and solve technical problems. Eager to contribute my technical skills and adaptability to a fast-paced work environment.

EDUCATION

B.E. Computer Science and Engineering — VSB College of Engineering, Coimbatore | CGPA: 8.15 (Till Date) *2023 - 2027*

HSC — Presentation Convent Matriculation Hr. Sec. School, Coimbatore | 80% *April 2023*

TECHNICAL SKILLS

Languages: Java | Python (Basics) | SQL
Web Technologies: HTML | CSS | REST APIs
Databases: MySQL | MongoDB
Dev Tools: GitHub | VS Code
Core Concepts: OOPS | DBMS | DSA (Basics - Arrays, String, Hashing)

PROJECTS

BugEZ Pro – AI Code Analysis Platform
Tech Stack: React, TypeScript, Tailwind CSS, Node.js, Express, Gemini API, Groq API, GitHub REST API

- Built an AI-powered code analysis platform for real-time bug, security, and performance audits with automated fixes, visual diffs, and unit test generation.

Erasure – Cross-Domain Session Security Manager
Tech Stack: JavaScript, React, Node.js, Express.js, PostgreSQL, Socket.io, JWT, REST API

- Built a Chrome extension to monitor and remotely revoke active browser sessions, preventing unauthorized access on shared computers.

GENIIUS - Digital Marketing Platform
Tech Stack: React.js | TypeScript | Vite | Tailwind CSS | Google Gemini API | @google/genai

- Developed a responsive single-page marketing and recruitment website for GENIIUS, featuring company services, project listings, marketing solutions, internship registration, project filtering, and user enquiry workflows.

PROFESSIONAL EXPERIENCE

Prompt Engineering Intern | FutureInterns *Jan 2026*

- Gained hands-on experience in prompt engineering by designing, testing, and optimizing prompts for generative AI models, contributing to AI application development, workflow automation, and improved response accuracy.

MERN Stack Developer Intern | NoviTech *Aug 2024*

- Developed full-stack apps using MERN stack; implemented REST APIs, user authentication, and responsive UI components.

HACKATHON AND COMPETITIONS

AI Arena - Sri Eshwar College of Engineering (Inter-College Competition) *Feb 2026*

- Architected and deployed participated in AI Arena hackathon to develop solutions for the given problem statement and optimizing query performance - achieved 2nd place and awarded INR 2000.

BITS Pilani Hyderabad Campus Hackathon *Oct 2025*

- Selected through Coimbatore screening round; presented project at a 2-day national-level hackathon at BITS Pilani Hyderabad.

CERTIFICATIONS AND ACHIEVEMENTS

- NPTEL - Programming in Java, Ethical Hacking (Elite), Business Intelligence and Analytics (Elite) - IIT-backed national certifications
- Participated in Adobe University Hackathon organised by Adobe
- Chatgpt for Everyone - GUVI HCL
- Data structures Fundamentals - EMC
